BASKETBALL WORKBOOK

PUZZLES, GAMES AND JOKES FOR DREAM FANS OF ALL AGES
Q: Why can’t you play basketball in the jungle?

A: Because there are too many cheetahs.
**Know the Lingo**

**Box Out**: When a shot goes up, players use this technique, which involves widening their stance and arms and using their body as a barrier to get in better rebounding position.

**Fast Break**: An offensive action where a team attempts to advance the ball and score as quickly as possible after a steal, blocked shot or rebound.

**Post Up**: An offensive strategy in which a player gets the ball in the post area with his or her back to the basket.

**Screen**: An offensive strategy in which a player without the ball stands in the way of a defensive player. The offensive player must remain stationary during the process, or a moving screen will be called and the result will be an offensive foul and a turnover.

**Zone Defense**: A defensive strategy in which players guard a specific zone or area of the court instead of a specific player on the opposing team.
